New York, NY 10003

Dear Mr. Scheflen,

I received your press release dated June 9, 1998 about the Children of Makueni and Machakos, Kenya Art show. I had call to see if the art show would be able to travel outside of NY and it was suggested that I write you letter about my proposal. So, here it is.

I am the exhibits manager of a mid-size natural history museum in Lancaster, PA. Upon reading your press release I felt that the children's art show was an exhibit that I would like to display in the North Museum. We a have a newly renovated gallery space on our first floor that would be perfect for this show. I am interested in hosting the show from January 16, 1999 to April 16, 1999. The North Museum would be willing to pay for shipping, insurance coverage and a modest rental fee.

If it is possible for us to host the show please let me know. I can be contacted at 717-291-4159 or by email [l\\_morse@admin.fandm.edu](mailto:l_morse@admin.fandm.edu).

Thank you for your time and attention.

Sincerely,

*Laura A. Morse*
